This submission responds to the Commission's letter of March 15, 2017 regarding the committee's 2016 Post-General Report:

Please note that during the preparation of the 2016 Year-End report in early January of 2017, the committee discovered that it had inadvertently omitted two transactions from its post-general report. This inadvertent omission was caused by an internal communication error during the preparation of the post-general report and was not immediately detected because neither expenditure had cleared the bank prior to the preparation of the post-general report. The amendment was filed immediately upon discovery of the omission, which was discovered upon receipt of the committee's December bank statement. The committee has adjusted its procedures to avoid such omissions in the future.
